People helping people in times of crisis...

GHCAA focuses on assisting low income people in their efforts to become self-sufficient. Services are provided to enable families to improve their financial, physical, mental and social level through programs designed to motivate individuals to set and reach personal goals.

GHCAA County Offices are the first source of help for families in need. Trained, responsive personnel and volunteers develop plans with families to alleviate their current crisis situation and stabilize the family.

When heating, cooling, food, and shelter emergencies arise, GHCAA can help stabilize a crisis situation. Qualifying families may receive assistance through the Family Crisis Response Program, the Emergency Homeless Program, the Energy Crisis Intervention Program, and Food Pantries. When a family's safety is an issue, the Green Hills Women's Shelter offers a safe, comfortable place to begin again without the fears of domestic violence.
